Razan Mesfer Hussain Alqobti

+966 556 202 380 razanalqobti@gmail.com Saudi Arabia

SUMMARY

Motivated IT professional with practical experience in systems and network support, recently certified in CCNA. Proficient in configuring routers and switches, supporting LAN/WAN environments, and resolving technical issues efficiently. Combines foundational knowledge of cybersecurity and infrastructure with strong analytical thinking and a commitment to continuous learning.

EXPERIENCE

Gulf Factory for Plastic Industries | Saudi Arabia
Computer Systems Technician | *October 2025.*

Technical Package Est | Saudi Arabia
Business Analyst | *July 2025 – September 2025* (3 *Months*).

Cluster 2 - Abha International Airport (Customs Department) | Saudi Arabia
Cooperative Training | July 2023 – October 2023 (3 Months).

- Evaluated airport quality standards and compliance with regulations.
- Assisted in assessing operational procedures to enhance service quality.
- Collaborated with customs officials to identify areas for improvement.
- Contributed to reports on airport performance and customer satisfaction.

EDUCATION

King Khalid University | Saudi Arabia
Bachelor of Computer Science | Artificial Intelligence | Very Good with 2nd Class Honors | 4.48/5 | 2024.

- Develop a strong foundation in computer science principles and information technology practices.
- Gain proficiency in programming languages and tools used for AI development and data analysis.
- Enhance problem-solving abilities through algorithm design and system analysis.
- Acquire practical experience in database management, networking, and cybersecurity.

OTHER

- **Accreditations:**
  - Professional Accreditation – Specialist in Computer Science | Saudi Council of Engineers.
- **Tests & Assessments:**
  - General Aptitude Test (GAT) | Saudi Center for Assessment (Qiyas) | Completed.
- **Professional Certifications:**
  - Cisco Certified Network Associate (CCNA) | Cisco
  - Vibe Coding Program | SDAIA
  - Prompt engineering | SDAIA
- **Courses:**
  - Profesional Project Management Course according to the PMI Methodology
  - Fundamentals of Artificial Intelligence – SDAIA
  - Artificial Intelligence Concepts and Advanced Applications – SDAIA
  - Microsoft Excel Course – Doroob
  - Artificial Intelligence: Your Window to the Future.
  - Web 4: A Smarter Internet for a More Advanced World.
  - The Creators' Guide to Harnessing the Power of AI.
  - Smarter Living with AI: Learning and Self-Development.
  - Smart Education: How AI Enhances Your Academic Experience.
  - From Idea to Presentation: Using AI to Deliver Content.
  - Design Smartly: Creativity in the Age of Artificial Intelligence.
  - Task Management in the Digital Age: AI as a Personal Assistant.
  - AI x Coding: How Artificial Intelligence is Reshaping the Programming World.
  - Responsible Intelligence: Ethics of AI Use in Education.
  - Preparation for step test – Al Fasial International Academy
  - National protection officer -NPO – SAFE
  - Git Fundamentals – TUWAIQ Academy
  - Principles of Cryptography – TUWAIQ Academy
  - Introduction to Data Analysis – TUWAIQ Academy
  - International Conference on Data & AI Capacity Building – SDAIA

- **Projects:**
  - **Graduation Project: Airport Level Assessment Program:**
    - ✓ The project developed a system using Python, advanced surveillance technologies, and CNN models to automatically assess airport service levels. Testing demonstrated high accuracy in identifying delays at gates without human intervention.
  - **Personal Project : Dawai Web Application**
    - ✓ Designed an AI-powered web application for browsing and managing medications
    - ✓ Implemented user authentication (login & registration) and dynamic product display
    - ✓ Built using modern web technologies and integrated with backend services
    - ✓ Designed to improve accessibility and user experience in searching for medications

- **Technical Skills:**
  - Data Entry.
  - Email Management
  - Document Preparation.
  - Microsoft Office Proficiency.
  - Git & GitHub
  - Figma
  - Canva
  - Lovable
  - Designing Technical Presentations

- **Management Skills:**
  - Preparing Technical Offers
  - Task Organization and Follow-up
  - Time Planning and Scheduling
  - Organization and Punctuality
  - Time Management.
  - Administrative Support.
  - Presentation Skills.
  - Business Analysis

- **Soft Skills:**
  - Problem-Solving.
  - Communication.
  - Analytical Thinking.
  - Teamwork.
  - Adaptability.
  - Time Management.
  - Attention to Detail.
  - Analytical Thinking.
  - Eagerness to Learn.

- **Languages**: Arabic, English.
